

For Immediate Release

Cumby Telephone Cooperative converts to MACC's BSS/OSS

(Blair, Nebraska – Monday, November 4th, 2019) Mid America Computer Corporation (MACC) has been selected by Cumby Telephone Cooperative to meet its need for a BSS/OSS solution. The company's conversion was recently completed and it is now using MACC's platform for accounting, billing, and customer management.

With offices in Cumby and Cooper, Texas, Cumby Telephone Cooperative provides internet, telephone, and video service to its communities.

MACC's President and CEO, Craig Aman, said, "We are honored to be selected by Cumby Telephone Cooperative. The company has been serving its communities with a progressive line-up of services for more than 50 years and we look forward to helping them succeed for many more years to come."

About MACC

More than two dozen telecommunication companies from across the United States have converted to MACC's BSS/OSS platform over the last few years. Our products empower clients to reach new levels of efficiency through integration and process automation. MACC's products are supported by professional and dedicated customer care teams to ensure the outstanding service our clients deserve.
